# Advanced Cellular Silver (ACS) 200<sup>®</sup> Extra Strength

## The Leading Evidence-Based Antimicrobial Prescribed Today

Provides Exceptional Benefit to Patients Worldwide

Extraordinary Efficacy

Documented Results

### New Improved Formula

Replacing the original formula, ACS 200<sup>®</sup> Extra Strength has greatly improved killing power without compromising safety.

### A Broad-Spectrum Antimicrobial

ACS 200<sup>®</sup> Extra Strength achieves 99.9999% (complete) kill against *Borrelia burgdorferi*, *Candida albicans* and MRSA as proven via independently derived in vitro, kill-time studies.

### Superior Silver

Powered by the same patented silver technology as STERIPLEX<sup>®</sup> Ultra, now EPA-approved to kill anthrax spores.

### Real Results

"I am absolutely thrilled with the results I personally received while using ACS 200<sup>®</sup> Extra Strength. It relieved my heart valve infection within 2 days when nothing else had."  
~Dr. Loomis

### Safety

ACS 200<sup>®</sup> Extra Strength has been proven extremely safe in independent acute oral toxicity studies.

### Independent Studies

Complete studies are available at [www.resultsrna.com](http://www.resultsrna.com)

### Practitioner Endorsed

ACS 200<sup>®</sup> Extra Strength is prescribed by doctors in over 15 countries.

### Advanced Cellular Silver (ACS) 200<sup>®</sup> Extra Strength is Anti-fungal, Anti-viral and Bactericidal

The leading silver-based supplement in multiple independent studies, ACS 200<sup>®</sup> Extra Strength rapidly kills an enormous array of pathogenic microorganisms; literally oxidizing the cell wall of Gram-positive and Gram-negative bacteria, as well as killing naked virus, fungi and all without damaging human tissue. When choosing an immune support formula, safety and efficacy are the only two factors that truly matter. ACS 200<sup>®</sup> Extra Strength provides fast and significant relief patients can feel, without harming the gut flora.

### Prepare for Success.

Far beyond 'colloidal silvers' in performance, ACS 200<sup>®</sup> Extra Strength provides 200 parts per million of uniquely energized silver molecules, which are suspended in "wetter water"<sup>™</sup>; a proprietary micronutrient transport medium that is 43% lower in surface tension, enabling rapid penetration through all biological systems. No single immune support product will provide a more effective treatment or prophylaxis protocol than ACS 200<sup>®</sup> Extra Strength, proven to be the most powerful, broad-spectrum antimicrobial available to physicians today.

Offered in 2 oz and 4 oz Intra-oral Sprays

ACS 200<sup>®</sup> Extra Strength is significantly more effective in killing pathogens than competing brands.

# Advanced Cellular Zeolite (ACZ) nano® Extra Strength

## The Leading Evidence-Based Oral Detoxifier Prescribed Today

Highest Concentration of Zeolite Nano Crystals per Dose

Superior Detoxification

Extraordinary Results

### New Improved Formula

Replacing the original formula, ACZ nano® Extra Strength provides the highest concentration of nanomized clinoptilolite zeolite per dose resulting in far greater detoxification and extraordinary results.

### Immediate Benefit

ACZ nano® Extra Strength works instantly, detoxifying the blood, cells, and balancing the pH levels in the body and effectively reverses acute chemical and allergic reactions.

### Now Removes Fluorine and Chlorine

ACZ nano® Extra Strength is the only detoxification product formulated to remove fluorine and chlorine, two of the strongest oxidizing agents known and found in most drinking water.

### Maximum Toxicant Uptake

ACZ nano® Extra Strength has been shown to increase urinary output of Mercury up to 103,500% over baseline during only 12 hours of post-provocation urine collection.

### Nano Technology

ACZ nano® Extra Strength is the only nanomized zeolite formula available with over 90% of total zeolite crystals existing within the nano range as calculated via SEM analysis. Competing liquid and powdered zeolite formulations utilize micronized zeolite, with particles over one thousand times larger than the nanomized zeolite crystals provided in ACZ nano® Extra Strength.

### Intra-oral Spray

A superior delivery method ACZ nano® Extra Strength is the only zeolite-based detoxification product provided in a convenient intra-oral spray.

### Removes Toxins Without Removing Nutrients

ACZ nano® Extra Strength selectively and irreversibly binds and removes toxic heavy metals, chemical toxins, VOC's, radioactive toxins and free radicals of all types through the urinary tract, without removing vital nutrients. These results have been verified in multiple, independent urine challenge studies.

### Highest Absorption

Urinary toxin output is significantly increased because nanomized zeolite particles are readily absorbed into the bloodstream, providing systemic reduction of body burden. Most oral chelating agents such as EDTA and micronized zeolites, exhibit poor absorption and remain in the gut.

### Greater Surface Area

ACZ nano® Extra Strength provides approximately 1,000 nanomized zeolite particles for every single micronized zeolite particle provided in competing zeolite products. An unparalleled adsorbent, ACZ nano® Extra Strength provides a one million times increase in the actual surface area per equal amounts of zeolite administered, thus delivering proven and far superior results.

### Remarkable Efficacy

Patient response is very positive and readily discernable. Physicians who prescribe ACZ nano® Extra Strength do so repeatedly as an effective adjunct to their healing protocols.
